

## Faculty

Russell Baer, DDS

Dr. Russell Baer was a Clinical Associate Professor at the University of Chicago where he taught implant dentistry in the General Practice Residency and Maxillofacial Prosthodontics program and conducted clinical research in implantology and reconstructive dentistry. Dr. Baer is an active member of the Academy of Osseointegration and the International Congress of Oral Implantology. He has written numerous articles and lectured both nationally and internationally on implant dentistry. His passion of implant dentistry led him to the former Soviet Union, where he founded and serves as Academic Director of the Chicago Center for Advanced Dentistry. The center is the leading training center for oral implantology and advanced dental techniques in the former Soviet Union, with offices in Moscow, Kiev, Vilnius, Almaty and Mumbai India. Through this program many American dentists have had the opportunity to teach and practice implant dentistry in this region of the world. Dr. Baer continues mentoring and educating general dentists on implantology at our University Associates in Dentistry / Dental Implant Institute of Chicago location.

## ADVANCED BONE GRAFTING SEMINAR

Who should attend:

This course is intended for surgically oriented implant dentists looking for an advanced hands-on experience or refresher program for advanced bone grafting. The emphasis will enable you to identify what happens to bone when teeth are gone, how to preserve bone through extraction techniques, how to prevent bone loss after extraction, how to rebuild bone after loss and the grafting options. Hands-on exercises are an integral part of this course.

Please register me for the Advanced Bone Grafting Seminar:

2011 Course:  December 2 & 3
